## ZIPPO LIGHTER IDENTIFICATION CODES

YEAR	LEFT	RIGHT
------	------	-------

As with most collectibles, the date of manufacture of a Zippo lighter often affects its value. Valuable information on the bottom of every Zippo lighter can help you determine its date of manufacture. Most lighters fabricated between 1933 and 1957 can be identified by style and model and their patent or patent-pending marks. Starting in the mid 50's date codes were stamped on the bottom. The original purpose was for quality control. The date codes have since become an invaluable tool for Zippo collectors. The appearance of the word "Zippo" in the bottom stamp provides another clue to dating. There have been three major changes, as shown below.

From 1933 to the mid 50's the word Zippo was stamped in block letters.

### ZIPPO

1933	Patent pending
1937 - c. 1950	Patent 2032695
1942 - 1946	Black Crackle, Patent 203695. (This number was stamped in error, should have been Patent 2032695.)
c. 1950 - c. 1957	Patent 2517191
c. 1950 - c. 1957	Patent 2517191 with patent pending

Zippo records indicate an overlap of bottom stamp configurations from 1949-1957. Also some lighters produced between 1955-57 were date coded, however, specifics remain unclear.

The Zippo script logo was developed in the late 40's and was phased-in on the lighter bottom stamp around 1955.

An error was made in the date code. One of the slash marks was removed from the left of the Zippo trademark instead of being removed from the right; thus the code read: ///. This date code error was corrected within the same year to read: ///.

In the late 70's the logo was redesigned. It was incorporated into bottom stamp in 1980.

Effective July 1, 1986 the dot and slash system was replaced by year / month code. Year is noted with roman numeral; letter designates month (A=Jan., B=Feb., etc.)

1986	G to L	II
1987	A to L	III

Beginning in 2001, the roman numerals indicating the year were replaced with numbers corresponding to the last digits of the year of manufacture as follow:

2002	A to L	02
2003	A to L	03

## SLIM LIGHTERS

Slim lighters were first introduced in 1956, with a flat bottom and no date code. The first markings were added in 1957 and overlapped into 1958. From 1957-1965 the code configuration on the slim lighters differed from the regular lighters. From 1966 on, the configuration has been the same.
